**FRESNO LOCAL AGENCY FORMATION COMMISSION (LAFCo)  
EXECUTIVE OFFICER'S REPORT**

---

**AGENDA ITEM No. 11**

**DATE:**       **June 5, 2013**

**TO:**           **Fresno Local Agency Formation Commission**

**FROM:**       **David E. Fey, AICP, LAFCo Executive Officer**

**SUBJECT:**   **Consider Adopting:** Consider new policy requiring LAFCo to hold an annual workshop with Fresno County cities and the special districts to consider probable municipal growth for the coming year.

**RECOMMENDATION:**

Continue to a date uncertain.

**BACKGROUND:**

Staff had raised the topic of a new policy that would have the EO conduct an annual workshop with the Fresno County cities and special districts to consider municipal growth for the coming year. The information shared at the workshop could help the agencies measure what their future growth activity would be and to also determine what their revenues might be for the following year for budget purposes. This information would also be useful to the districts such and the Fresno County Fire Protection District and the Consolidated Irrigation District who lose revenue when territory is annexed to a city.

As your new Executive Officer, I would like to continue this item to a date uncertain to allow more time to get a better idea of how the concept would work, to discuss it with city and district management throughout the County, and to further define the policy.
